

Diversity Fin® Antenna

Directional diversity antenna

TARGET AUDIENCE AND VENUES:

For years, the Diversity Fin has been the flagship RF Venue antenna. It is a reliable, multi-purpose antenna that can be just as at home on tour as it is in a church installation.

CONNECTIONS:

- (2) BNC for coax to receivers or distro
- (2) BNC for whip antennas

OPERATING FREQUENCY:

470 - 698 MHz

COLOR & MOUNTING OPTIONS:

SKUs:

DFIN - black antenna with cover, adjustable mounting block with 1/4-20, 3/8-17, & 5/8-27 holes. A wall-mount kit is also available (**WMK-BLACK** or **WMK-WHITE**).

BUNDLED PACKS AVAILABLE:

- DFINDISTRO4
- DFIND5
- DFIND9
- C6CPS-D5DFIN
